

Professional Conference Microphone

TS-549M

Specification:

Model	TS-549M
Transduction method	Dual condenser microphone
Directivity	Super cardioid polar pattern
Frequency response	40Hz-18KHz
Output impedance	75Ω, balanced
Sensitivity	-45dB
Dynamic range	109dB, 1KHz at max spl
SNR	65 dB 1KHz at 1 Pa
Power supply	Phantom 48V
Power switch	Touch button
Microphone pole	200mm
Microphone weight	0.65Kg
Others	Iron base, resistant to interference of cell phone, electromagnetic, and high frequency
