

Ceiling Speaker

T-206CK

Feature:

- * Ceiling speaker with good sound quality.
- * Adopt the coaxial design of 6.5-inch woofer and 1-inch tweeter.
- * The speaker unit adopts high-grade PP disc diaphragm and large-diameter magnetic circuit system, which has the characteristics of clear sound and fast low-frequency speed. The tweeter adopts the silk film soft dome speaker unit.
- * Applicable to restaurants, cafes, hotels, various conference venues, supermarkets, offices, shopping centers, waiting rooms, and other public places.

Specification:

Model	T-206CK
Speaker	6.5" woofer + 1" coaxial tweeter
Impedance	16Ω
Frequency response	100Hz to 20kHz@-10dB
Maximum SPL	102dB±3dB
Sensitivity	≥88dB±3dB
Rated power	40W
Maximum power	60W
Opening size	Φ224mm
Product size	Φ252×215mm
Weight	2.4kg
