

# Electric Box

## TV-C8020KW

### Feature:

- \* Rated power: 20KW, output channel number: 6
- \* The input voltage of the electric box is AC 380V±15%, and the power frequency is 50Hz. It has protection functions such as overvoltage, surge, short circuit, overcurrent, overload and leakage protection.
- \* Built-in lightning arrester, with lightning protection.
- \* It contains multi-function card control, with remote control function.
- \* Support remote switch power box, remote communication, power monitoring, temperature monitoring, fire monitoring and other operations through LED screen smart control system software.

### Specifications:

Model	QN
Manual control	Start button / knob
Automatic control	Control software, multi-function card, remote control
Power capacity (KVA)	20KW
Input wiring	phase 4-wire & ground wire
Input voltage (V)	380V
Input frequency (HZ)	50/60HZ
Output wiring	Single-phase two-wire + ground wire, evenly connected to the LED screen
Output voltage (V)	AC 220V
Output shunt	6 channels, single phase AC 220V
Shunt switch capacity (A)	40A, single phase
Shunt circuit breaker installation	Track installation
AC contactor model	CJX2-5011
Lightning protection	CHNT
IP rate	IP44
Dimension (H×W×THK)	600mm*500mm*200mm
Weight	13Kg
Operating temperature	-30℃~70℃
