

High-End Conference room Ceiling Speaker

TS-208R

Description

*Adopt 6.5-inch mid-woofer unit and one 1.5" dome tweeter.

*It has a plastic back shell case, and the reversed hole of the front panel is precisely designed to increase the low frequency response strength, and the iron mesh cover is attached with dustproof net cotton.

*The accurately designed crossover optimizes the power response and the intermediate frequency performance of the vocal part.

*Easy and quick installation method.

*It is used to work with TS professional amplifiers and pre-effects processors to form a high-end conference sound reinforcement system with perfect sound effects and outstanding vocal performance. It is suitable for high-end conference rooms and high-end background music.

Model	TS-208R
Rated Power	100W
Impedance	8Ω
Sensitivity(1W/1M)	92dB
Frequency Response(-10dB)	60-20KHz
Speaker Unit	6.5" x 1 1.5" x 1
Mounting Hole Dize	250mm
Dimension	280 x 190mm
Weight	3.2Kg
